Professional Experience

STEM Ambassador, MATC Stem Center, Madison, WI March 2025 - Present

- Reformatted a 3-year STEM Hub organizational budget using Microsoft Word, applying advanced formatting, TOC navigation, and professional design—earning recognition from leadership for quality and clarity.
- Supported large-scale transitions in club structure by collaborating with officers to redesign official documents, using templates and peer references to align with institutional standards.
- Coordinated transportation and inventory management for 24 tripods and 24 stands, enabling smooth event setup and teardown during STEM Open House.
- Updated 24 program slides for STEM Open House, aligning content with official website, generating 7 new QR codes, and standardizing formatting to improve clarity and consistency for 200+ attendees.

IT-Technician Volunteer, Wolfpack Techie, Madison, WI January 2025 - Present

- Conduct initial customer intake, manage email correspondence, and document details in the osTicket system.
- Perform operating system installations, and system updates to restore functionality.

Front-End Associate, Walmart – Madison, WI May 2022 – May 2024

- Resolved technical issues with 20 self-checkout machines, addressing both hardware and software problems.
- Managed unpurchased self-checkout items and restocked inventory onto the sales floor.
- Assisted customers with disabilities in shopping, checking out, and boarding transportation.
- Organized store aisles, managing inventory ranging from 500 to 1,000+ items.

Seasonal Associate, Walmart – Wisconsin Rapids, WI September 2019 – May 2021

- Trained coworkers on price adjustments, management directives, aisle organization, and cashier procedures, ensuring smooth daily operations and team efficiency.
- Utilized TC70 device and “Inventory Management” app to track stock levels, ensuring product availability.
- Took on multiple roles, including cashier, stock team, online grocery pickup, and management.

Kitchen Staff, Portesi Fine Foods – Wisconsin Rapids, WI May 2019 – September 2019

- Maintained operational efficiency by preparing and delivering high-quality food products.
- Supported kitchen processes by restocking supplies and maintaining cleanliness, ensuring a smooth workflow

Projects

Personal Portfolio Website <https://shaun-khang.netlify.app>

- Designed and developed a responsive portfolio website using HTML, CSS, and JavaScript to showcase my skills and projects.
- Implemented interactive elements such as a JavaScript-powered hamburger menu and smooth scrolling for enhanced

user experience.

- Utilized Netlify for continuous deployment by integrating my GitHub repository, enabling automated builds and seamless updates upon code changes.

RedStore E-commerce Website

<https://khangredstore.netlify.app>

- Developed a responsive e-commerce platform using HTML and CSS, enabling users to browse and purchase products seamlessly.
- Implemented a user-friendly interface featuring product listings, shopping cart functionality, and checkout processes to enhance the overall shopping experience.
- Deployed the website on Netlify, ensuring continuous integration and delivery by connecting the GitHub repository for automated builds and updates upon code changes.
